Summer,
Fall ...

Winter,
spring.

There are four
seasons

The year will
bring.

Winter
Is cold.

In some
places it
snows.

We love
lighting a fire.

And warming
our toes.

A stylized illustration of a brown tree branch with several green leaves and clusters of flowers. The flowers are in shades of white, light purple, and magenta, with prominent yellow stamens. The background is a neutral, light beige color.

After winter
is spring.

Spring means
all things new.

Lots of pretty
flowers.

New born
animals too.

Summer
follows
spring.

In summer it's
hot.

We swim and
play all day.

It's holidays!

- School

it is not.

After summer
is autumn.

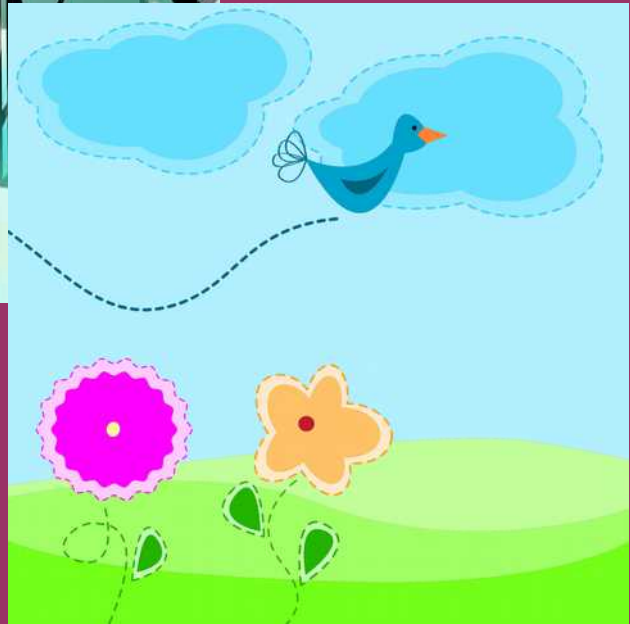

Some call it
fall.

A close-up photograph of several autumn leaves. The leaves are in various stages of color change, ranging from bright green to deep red. The central leaf is the most prominent, showing a mix of red and yellow-green. The background is filled with other leaves, some blurred, creating a sense of depth. A red-bordered box is overlaid on the lower half of the image, containing white text.

Since the
leaves fall
down,

we can jump in
them all.

Winter,
spring...

Summer,
fall;

Which is your
favourite,

Season of all?
